

Numerical inverse scattering for the KdV equation revisited

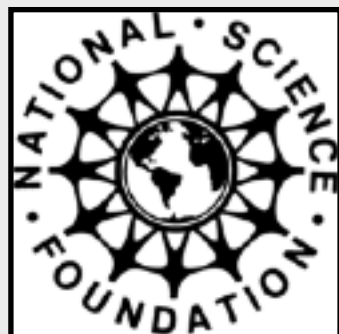

Tom Trogdon
trogdon@uw.edu
University of Washington
Department of Applied Mathematics

Joint work with:

- Deniz Bilman (U. of Cincinnati)
- Bernard Deconinck (U. of Wash.)
- Patrik Nabelek (Oregon State U.)
- Sheehan Olver (Imperial)

Thanks to Ken McLaughlin and Peter Olver

NSF Funding via:

CAREER: Numerical linear algebra, random matrix theory and applications
